

CORNELY
LATEST IMPROVED MODEL
THREE THREAD CORDING
MACHINE
 with
CHANGEABLE GEAR
ATTACHMENT
 and
BRAIDING ATTACHMENT.
MACHINE "LG"

Manufactured by
 Anciens Etablissements
 R. Cornely & Cie.,
 Paris, France

This machine is the latest progression and improvement of the Cornely Machine L, having a built-in Changeable Gear Attachment by means of which the revolutions of the Cording Spool Carrier can be retarded in its action instantly, to make one revolution to each One, Two, Three, Four, Five or Six stitches of the needle.

Many new combination effects with variable spacing may be produced.

No separate attachments, such as the Two to One, Four to One, or Diamond stitch are necessary for this machine, as this work is produced by means of the built-in Changeable Gear Attachment.

This machine produces all the special stitches of the Machine L, such as Three Thread Cording, both round and flat, Gimp Stitch, Spark or Feather Stitch, Imitation Hand Embroidery, or Fancy Boulogne Stitch.

In addition, this machine produces all the different stitches of Machines A, B, K and L.
