FRENCH SYSTEM NICKEL PLATED
BRASS HIGH ARM PERFORATING
MACHINE No. 1

This machine has been designed for perforating paper patterns used to stamp designs on all kinds of materials for embroideries, art linen shops and professional designers.

A table and a thick piece of felt are necessary on which to lay the paper when perforating.

The necessary extras required for the machine are: Perforating (bond) paper, piece of thick felt, stamping powder (for dry stamping), stamping paste (for wet stamping), pouncettes made of felt (used to distribute the powder and paste when stamping).
