The Editors have been fortunate in obtaining the cooperation of many Zoologists in the Zoological part of their work. The different subjects, so far as at present arranged, have been undertaken as follows:—

MAMMALIA. By Edward R. Alston, F.L.S.

AVES. By Osbert Salvin and F. DuCane Godman.

REPTILIA. By Dr. A. Günther, F.R.S., Keeper of the Zoological Department, British Museum.

AMPHIBIA. PISCES.

MOLLUSCA (Land and Freshwater). By Dr. E. von Martens.

CRUSTACEA (Freshwater Malacostraca). By Prof. T. H. Huxley, LL.D., Sec. R.S.

ARACHNIDA. By Rev. O. Pickard Cambridge.

HYMENOPTERA*.

LEPIDOPTERA.

RHopalocera. By F. DuCane Godman and Osbert Salvin.

Heterocera. By Herbert Druce, F.L.S.

DIPTERA*.

NEUROPTERA. By R. M'Lachlan, F.R.S.

ORTHOPTERA (part). By J. Wood-Mason.

RHYNCHOTA. By W. L. Distant.

* No arrangement has yet been made with respect to these subjects.

The BOTANICAL portion is entirely in the hands of Mr. W. B. Hemsley, A.I.S.

The Editors will give, at the conclusion of the Work, an Introductory Volume, wherein the physical features of the country will be described and illustrated with maps.
