

INDEX.

Andrea, iv. 150.
Andrieuxia mexicana, ii. 156.
ANDROCENTRUM, ii. 509.
Androcentrum multiflorum, ii. 509.
ANDROCHILUS, iii. 211.
Androchilus campestris, iii. 211.
Andromachia deppeana, ii. 232.
ANDROMEDA, ii. 281.
Andromeda, iv. 148.
Andromeda ferruginea, ii. 282.
— *mexicana*, ii. 282.
— *rigida*, ii. 282.
Andromicia cubensis, iii. 419.
Androphoranthus glandulosus, iii. 120.
ANDROPOGON, iii. 524.
Andropogon, iii. 518; iv. 213.
Andropogon albescens, iii. 525.
— *albescens*, iii. 530.
— *allionii*, iii. 524.
— *alopecuroides*, iii. 520.
— *angustatus*, iii. 525.
— *angustifolius*, iii. 522.
— *anthistirioides*, iii. 529; iv. 301.
— *apricus*, iii. 525.
— *argenteus*, iii. 525.
— *argenteus*, iii. 528.
— *attenuatus*, iii. 525.
— *avenaceus*, iii. 525, 530.
— *bicornis*, iii. 525.
— *bourgaei*, iii. 525.
— *bracteatus*, iii. 525.
— *brevifolius*, iii. 526.
— *canescens*, iii. 523.
— *ciliatus*, iii. 530.
— *cirratus*, iii. 526.
— *condensatus*, iii. 526.
— *condensatus*, iii. 530.
— *cortortus*, iii. 524.
— *dactyloides*, iii. 523.
— *debilis*, iii. 626.
— *densus*, iii. 526.
— *diatherus*, iii. 526.
— *digitatus*, iii. 523.
— *dispersus*, iii. 534.
— *dissolutus*, iii. 523.
— *divaricatus*, iii. 533.
— *domingensis*, iii. 530.
— *elythrophyllus*, iii. 526.
— *emersus*, iii. 527.
— *erianthus*, iii. 520.
— *feensis*, iii. 527.
— *firmus*, iii. 524.
— *floridus*, iii. 526.
— *francavillanus*, iii. 530.
— *galeottii*, iii. 527.
— *glaucescens*, iii. 527.

Andropogon gracilis, iii. 529.
— *hirsutus*, iii. 527.
— *hirtiflorus*, iii. 528.
— *hirtifolius*, iii. 527.
— *humboldtianus*, iii. 530.
— *incompletus*, iii. 531.
— *jacquinianus*, iii. 533.
— *laguroides*, iii. 527.
— *latifolius*, iii. 522.
— *leptophyllus*, iii. 529.
— *leucopogon*, iii. 528.
— *lhotzkyi*, iii. 526.
— *liebmanni*, iii. 528.
— *loloides*, iii. 528.
— *macrothrix*, iii. 528.
— *macrourus*, iii. 528.
— *malacostachyus*, iii. 528.
— *melanocarpus*, iii. 524.
— *minarum*, iii. 530.
— *mollis*, iii. 523.
— *montufari*, iii. 523.
— *myosurus*, iii. 528.
— *nigrescens*, iii. 534.
— *nutans*, iii. 531.
— *obtusifolius*, iii. 526.
— *paniculatus*, iii. 526.
— *perforatus*, iii. 529.
— *preslii*, iii. 529.
— *pubiflorus*, iii. 529.
— *rectirhachis*, iii. 529.
— *ruprechtii*, iii. 529.
— *saccarhoides*, iii. 525, 527.
— —, var. *laguroides*, iii. 527.
— *schaffneri*, iii. 529.
— *schlumbergerii*, iii. 529.
— *scoparius*, iii. 529.
— *scoparius*, iii. 526.
— *scrobiculatus*, iii. 524.
— *secundus*, iii. 523.
— *stipoides*, iii. 527.
— *stipoides*, iii. 523, 530.
— *tenellus*, iii. 526.
— *tener*, iii. 529.
— *tenuirachis*, iii. 529.
— *ternatus*, iii. 528.
— *vaginatus*, iii. 530.
— *velatus*, iii. 530.
— *virginicus*, iii. 530.
ANDROPOGONEÆ, iii. 518.
ANDROSACE, ii. 288.
Androsace occidentalis, ii. 288.
Aneilema, iii. 389.
— *iloribundum*, iii. 396.
ANEMIA, iii. 692.
Anemia, iii. 692; iv. 281.
Anemia adiantifolia, iii. 692.
— *affinis*, iii. 693

Anemia breuteliana, iii. 693.
— *ciliata*, iii. 693.
— *collina*, iii. 693.
— *cordifolia*, iii. 694.
— *deltoides*, iii. 694.
— *dissecta*, iii. 693.
— *filiformis*, iii. 693.
— *flexuosa*, iii. 694.
— *fraxinifolia*, iii. 694.
— *fulva*, iii. 694.
— *haenkei*, iii. 694.
— *helveola*, iii. 693.
— *hirsuta*, iii. 693.
— *hirsuta*, var. *a*, *integrifolia*, iii. 693.
— *humilis*, iii. 694.
— *incisa*, iii. 693.
— *mandiocana*, iii. 693.
— *mexicana*, iii. 693.
— *oblongifolia*, iii. 694.
— *opaca*, iii. 693.
— *phyllitidis*, iii. 694.
— *phyllitidis*, iii. 697.
— *pilosa*, iii. 694.
— *pumila*, iii. 694.
— *repens*, iii. 693.
— *seemannii*, iii. 694.
— *speciosa*, iii. 693.
— *tomentosa*, iii. 694.
— *villosa*, iii. 694.
Anemidictyon phyllitidis, iii. 694.
Anemopsis californica, iii. 45; iv. 141.
— *bolanderi*, iii. 45.
ANEMONE, i. 5.
Anemone caroliniana, i. 5.
— *caroliniana*, iv. 141.
— *mexicana*, i. 5.
— *tenella*, i. 5.
ANEMONEÆ, i. 3.
ANEMOPÆGMA, ii. 492.
Anemopægma orbiculatum, ii. 493.
ANETANTHUS, ii. 489.
Anetanthus parviflorus, ii. 489.
Anetium citrifolium, iii. 682.
ANGELICA, i. 569.
Angelica mexicana, i. 569; iv. 46.
ANGELONIA, ii. 440.
Angelonia angustifolia, ii. 440.
Angiopteris, iii. 695.
Angræcum schiedei, iii. 292.
ANGUILLARIEÆ, iii. 381.
Angulosa grandiflora, iii. 256.
— *hernandezii*, iii. 257, 258.
— *superba*, iii. 260.
ANGURIA, i. 484.
Anguria, i. 484.
