* Since the printing of the Supplement, I have received, from Dr. R. E. B. McKenney, a male of *Gynacantha septima* which he took at "8 P.M. on door of house, Eureka, District of Chiriqui Grande, Province of Bocas del Toro, Panama, Dec. 13, 1906."

† *G. mexicana* is represented by specimens from Ecuador captured by Prof. F. Campos R.
