* Specimens of *Erythrodiplax erichsoni*? and *E. connata* b' were received, after the printing of the Supplement, from Dr. R. E. B. McKenney, labelled "Flying against lantern, 11 p.m., May 12, 1906, at Long Point, Cañaso Farm, Province of Bocas del Toro [Panama]."

† The distribution of *Erythrodiplax connata* as given on this line is a summary of the data on the following eight lines.
