

DICRANOCARPUS, ii. 143.
Dicranocarpus parviflorus, ii. 144;
 iv. 54.
 DICRAURUS, iii. 22.
Dicraurus leptocladus, iii. 22.
Dicrypta baueri, iii. 265.
 — *elator*, iii. 265.
 DICTYANTHUS, ii. 329.
Dictyanthus campanulatus, ii. 329.
 — *parviflorus*, ii. 329.
 — *pavonii*, ii. 329.
 — *picturatus*, ii. 332.
 — *reflexus*, ii. 333.
 — *reticulatus*, ii. 329.
 — *stapeliæflorus*, ii. 329.
Dictyopteris nicotianæfolia, iii. 665.
 — *tatei*, iii. 670.
 DICTYOXIPHIMUM, iii. 606.
Dictyoxiphium, iv. 280, 281.
Dictyoxiphium panamense, iii. 606.
 DICYRTA, ii. 477.
Dicyrta candida, ii. 477.
 — *parviflora*, ii. 489.
 — *warscewicziana*, ii. 477.
 DIDYMÆA, ii. 66.
Didymæa mexicana, ii. 66.
 — *mexicana*, iv. 287.
 DIDYMOCHLÆNA, iii. 641.
Didymochlæna lunulata, iii. 641;
 iv. 116.
 — *sinuosa*, iii. 641.
Didymodon, iv. 150.
Didymoglossum kraussii, iii. 602.
 — *reptans*, iii. 603.
 — *reptans*, var. β . *schaffneri*, iii.
 603.
 DIDYMOPANAX, i. 572.
Didymopanax speciosum, i. 572.
Diectomis angustatus, iii. 525.
 — *laxa*, iii. 525.
 DIEFFENBACHIA, iii. 425.
Dieffenbachia ærstedii, iii. 425.
Dienia calycina, iii. 210.
 — *crispata*, iii. 209.
 — *cordata*, iii. 209.
 — *majanthemifolia*, iii. 210.
 — *myurus*, iii. 210.
Dieteria coronopifolia, ii. 123.
 — *incana*, ii. 121.
Digitaria filiformis, iii. 478.
 — *fimbriata*, iii. 488.
 — *marginata*, iii. 491; iv. 165.
 — *sanguinalis*, iii. 496.
 — *setigera*, iii. 489.
 DIGNANTHE, iii. 273.
Dignanthe pigmæa, iii. 273.
 DILLENACEÆ, i. 11.

Dilleniaceæ, iv. 171, 204, 216.
 DIMORPHANDRA, i. 342.
Dimorphandra oleifera, i. 342.
 DIMORPHANDREÆ, i. 342.
 DIMORPHOSTACHYS, iii. 499.
Dimorphostachys adoperiens, iii. 499.
 — *botterii*, iii. 499.
 — *drummondii*, iii. 499.
 — *ghiesbreghtii*, iii. 499.
 — *langei*, iii. 499.
 — *monostachya*, iii. 499.
 — *oajacensis*, iii. 499.
 — *paspaloides*, iii. 499.
 — *schaffneri*, iii. 499.
 — *variabilis*, iii. 499.
Dinebra, iii. 560.
 — *aristidoides*, iii. 561.
 — *bromoides*, iii. 561.
 — *chondrosioides*, iii. 561.
 — *curtipendula*, iii. 563.
 — *paleacea*, iv. 270.
 — *repens*, iii. 561.
Dinema paleaceum, iii. 226.
 — *polybulbon*, iii. 237.
 DIOCLEA, i. 302.
Dioclea guianensis, i. 302.
 — *lasiocarpa*, i. 302.
 — *panamensis*, i. 302.
 — *reflexa*, i. 302.
 — *violacea*, i. 302.
 DIODIA, ii. 55.
Diodia, ii. 56; iv. 148, 149, 231,
 249.
Diodia conferta, ii. 55.
 — *crassifolia*, ii. 55.
 — *longiseta*, ii. 55.
 — *prostrata*, ii. 55.
 — *radula*, ii. 55.
 — *rigida*, ii. 55.
 — *sarmentosa*, ii. 56.
 — *setigera*, ii. 56.
 — *teres*, ii. 56.
 — *tetracocca*, ii. 56; iv. 48.
 — *tricocca*, ii. 56; iv. 48.
 — *villosa*, ii. 56.
Diomedea bidentata, ii. 169.
 DIOON, iii. 191.
Dioon, iii. 192.
 — *aculeatum*, iii. 191.
 — *angustifolium*, iii. 191.
 — *edule*, iii. 191.
 — *imbricatum*, iii. 191.
 — *latipinna*, iii. 191.
 — *spinulosum*, iii. 191.
 — *strobilaceum*, iii. 191.
 — *strobilosum*, iii. 191.
 DIOSCOREA, iii. 353.

Dioscorea, iii. 361.
 — *billbergiana*, iii. 358.
 — *brachycarpa*, iii. 354.
 — *capillaris*, iii. 362.
 — *cayennensis*, iii. 354.
 — *composita*, iii. 354.
 — *composita*, iii. 362.
 — *convolvulacea*, iii. 355.
 — *convolvulacea*, iii. 362.
 — *cuspidata*, iii. 355.
 — *cymosula*, iii. 355.
 — *cymosula*, iii. 361.
 — *densiflora*, iii. 356; iv. 114.
 — *densiflora*, iii. 362.
 — *deppei*, iii. 358.
 — *floribunda*, iii. 356.
 — *floribunda*, iii. 357, 361.
 — *galeottiana*, iii. 356.
 — *galeottiana*, iii. 362.
 — *glabra*, iii. 354.
 — *grandifolia*, iii. 357.
 — *grandifolia*, iii. 362.
 — *hirsuta*, iii. 357.
 — *laxiflora*, iii. 360.
 — *leiboldiana*, iii. 357.
 — *macrophylla*, iii. 358.
 — *macrostachya*, iii. 357.
 — *macrostachya*, iii. 354, 362.
 — *multinervis*, iii. 358.
 — *multinervis*, iii. 362.
 — *nana*, iii. 358.
 — *pallens*, iii. 358.
 — *pallens*, iii. 359, 362.
 — *polygonoides*, iii. 359,
 362.
 — *polygonoides*, iii. 358.
 — *propinqua*, iii. 359.
 — *propinqua*, iii. 362.
 — *remotiflora*, iii. 360.
 — *sapindoides*, iii. 360.
 — *sapindoides*, iii. 361.
 — *schlechtendalii*, iii. 358.
 — *sparsiflora*, iii. 359, 361.
 — *sparsiflora*, iii. 360.
 — *spiculiflora*, iii. 361.
 — *spiculiflora*, iii. 362.
 — *tenuiflora*, iii. 361.
 — *urophylla*, iii. 361.
 DIOSCOREACEÆ, iii. 353.
Dioscoreaceæ, iv. 196, 204.
Diospyros, iv. 309.
 DIOSPYROS, ii. 300.
Diospyros acapulcensis, ii. 300.
 — *albans*, ii. 300.
 — *ciliata*, ii. 300.
 — *cuneifolia*, ii. 300.
 — *ebenaster*, ii. 300.
