 — *tetragona*, iii. 650.
 — *trianæ*, iii. 651.
 — *tricholepis*, iii. 651.
 — *tristis*, iii. 651.
 — *villosa*, iii. 651.
LATHYRUS, i. 293.
Lathyrus mexicanus, i. 293.
 — *palustris*, i. 293.
 — *parvifolius*, iv. 30.
 — *polymorphus*, i. 293.
 — *tingitanus*, i. 293.
 — *venosus*, i. 293.
 — *venosus*, iv. 30.
LAURENTIA, ii. 265.
Laurentia ramosissima, ii. 265.
Laureria, ii. 429.
Laureria mexicana, ii. 430.
LAURINEÆ, iii. 70; iv. 108.
Laurineæ, iv. 156, 192, 203, 217, 231, 260.
Laurus longipes, iii. 72.
LAWSONIA, i. 448.
Lawsonia alba, i. 448; iv. 100.
LAYIA, ii. 208.
Layia neomexicana, ii. 208.
Lebetanthus, iv. 207, 235.
Lebetina cancellata, ii. 218.
LECHEA, i. 46.
Lechea, iv. 235.
Lechea major, iv. 8.
 — *mexicana*, i. 47.
 — *skinneri*, i. 46.
Lecidea, iv. 148, 149.
 — *atroalba*, iv. 150.
 — *atrovirens*, iv. 150.
 — *wahlenbergii*, iv. 150.
LECOSTEMON, i. 367.
Lecostemon, i. 142.
Lecostemon terniflorum, i. 367.
LECYTHIDEÆ, i. 413.
LECYTHIS, i. 414.
Lecythis coriacea, i. 414.
LEERSIA, iii. 514.
Leersia gouini, iii. 514.
 — *hexandra*, iii. 514.
 — *hexandra*, iv. 296.
 — *lenticularis*, iii. 514.
 — *ligularis*, iii. 514.
 — *mexicana*, iii. 514.
 — *monandra*, iii. 514.
 — *oryzoides*, iii. 514.
 — *ovata*, iii. 514.
 — *virginica*, iii. 514.
LEGNOTIDEÆ, i. 402.
Legnotis elliptica, i. 402.
LEGUMINOSÆ, i. 225; iv. 25, 99.
Leguminosæ, iv. 178, 202, 215, 217, 225, 229, 230, 233, 238.
LEIANTHUS, ii. 344.
Leianthus, iv. 285.
Leianthus axillaris, ii. 344; iv. 70.
 — *brevidentatus*, ii. 344.
 — *cuspidatus*, ii. 345.
 — *lanceolatus*, ii. 350.
 — *nigrescens*, ii. 345.
 — *saponarioides*, ii. 345.
 — *seemannii*, ii. 345.
 — *skinneri*, ii. 345.
Leiboldia ovata, ii. 72.
Leighia leptoccephala, ii. 178.
 — *linearis*, ii. 178.
 — *speciosa*, ii. 176.
 — *sphærocephala*, ii. 179.
 — *urticiformis*, ii. 179.
LEIOCHILUS, iii. 289.
Leiochilus carinatus, iii. 289.
 — *oncidoides*, iii. 289.
Leiphaimos parasitica, ii. 344.
Leitneria, iii. 162; iv. 193.
LEMNA, iii. 435.
Lemna gibba, iii. 436.
 — *minima*, iii. 437.
 — *minor*, iii. 436.
 — *minor*, iii. 437.
 — *minuta*, iii. 436.
 — *paucicostata*, iii. 436.
 — *polyrhiza*, iii. 436.
 — *trisolca*, iii. 436.
 — *valdiviana*, iii. 436.
 — *valdiviana*, iii. 437.
 — —, var. *minima*, iii. 436.
LEMNACEÆ, iii. 435.
Lemnaceæ, iv. 198, 204.
LENNEA, i. 260.
Lennea melanocarpa, iv. 27.
 — *robinoides*, i. 260; iv. 27.
 — *viridiflora*, i. 260.
LENNOA, ii. 286.
Lennea cærulea, ii. 286.
 — *madreporeoides*, ii. 286.
LENNOACEÆ, ii. 286.
Lennoaceæ, iv. 185, 205, 215, 217, 254.
LENTIBULARIACEÆ, ii. 469; iv. 79.
Lentibulariaceæ, iv. 188, 204.
Leochilus, iii. 289.
 — *leiboldi*, iii. 272.
Leonia salvifolia, ii. 559.
LEPANTHES, iii. 204.
Lepanthes avis, iii. 205.
 — *blepharistes*, iii. 205.
 — *elata*, iii. 205.
 — *erinacea*, iii. 205.
 — *horrida*, iii. 205.
 — *lindleyana*, iii. 205.
 — *ophioglossoides*, iv. 270.
 — *pristidis*, iii. 205.
 — *schiedei*, iii. 205.
 — *tipulifera*, iii. 205.
 — *tridentata*, iii. 205.
 — *turalvæ*, iii. 205.
 — *wendlandi*, iii. 205.
LEPECHINIA, ii. 551.
Lepechinia procumbens, ii. 551; iv. 81.
 — *spicata*, ii. 551.
Lepicystis incana, iii. 660.
LEPIDAGATHIS, ii. 511.
Lepidagathis alopecuroidea, ii. 512.
LEPIDINEÆ, i. 38.
LEPIDIUM, i. 38.
Lepidium alyssoides, i. 38.
 — *alyssoides*, iv. 141.
