

- Lepidium humboldtii*, i. 38.
 — *intermedium*, i. 38.
 — *lasiocarpum*, var. *tenuipes*, iv. 6.
 — *latifolium*, i. 39.
 — *menziesii*, i. 39.
 — *montanum*, i. 39.
 — *virginicum*, i. 39.
Lepidocereus pringlei, iv. 45.
Lepidococca sieberi, iii. 120.
Lepidozamia peroffskyana, iii. 195.
Leptanthus gramineus, iii. 384.
 — *ovalis*, iii. 385.
 — *reniformis*, iii. 385.
Leptocallis quinata, ii. 384.
 — *ternata*, ii. 394.
Leptocalyx, i. 441.
Leptocalyx debilis, i. 439.
 — *intermedia*, i. 441.
Leptocarpus, iv. 207, 235.
Leptocaulis echinatus, i. 565.
 LEPTOCHLOA, iii. 565.
Leptochloa anoplia, iii. 558.
 — *domingensis*, iv. 114.
 — *dubia*, iii. 569.
 — *fascicularis*, iii. 569.
 — *filiformis*, iii. 565.
 — *humilis*, iii. 558.
 — *liebmannii*, iii. 565.
 — *mucronata*, iii. 565.
 — *paniculata*, iii. 566.
 — *pellucidula*, iii. 565.
 — *polystachya*, iii. 569.
 — *stricta*, iii. 566.
 — *virgata*, iii. 566.
 — *virgata*, iv. 114.
 — *virletii*, iii. 566.
Leptocoryphium lanatum, iii. 483.
 — *molle*, iii. 483.
Leptoglossis, ii. 437.
 — *coulteri*, ii. 437.
 — *texana*, ii. 437, 438.
 — *viscosa*, ii. 437.
Leptogramme asplenoides, iii. 676.
 — *diplazioides*, iii. 676.
 — *pilosa*, iii. 678.
 — *pilosa*, β . *major*, iii. 678.
Leptophragma prostrata, ii. 436.
Leptopus hartwegi, iii. 90.
 — *ocymoides*, iii. 97.
 — *segoiensis*, iii. 100.
 LEPTORHÆO, iii. 396.
Leptorhæo filiformis, iii. 396.
Leptostachya comata, ii. 518.
Leptostelma maximum, ii. 124.
 LEPUROPETALON, i. 383.
Lepuropetalon, iv. 240.
Lepuropetalon spathulatum, i. 383.
Leria nutans, ii. 255.
 — *spathulata*, ii. 255.
Lesourdia karwinskyana, iii. 570.
 — *multiflora*, iii. 570.
 LESPEDEZA, i. 291.
Lespedeza repens, iv. 30.
 — *stuvei*, i. 291.
 LESSINGIA, ii. 117.
Lessingia ramulosa, ii. 117.
 LEUCÆNA, i. 351.
Leucæna diversifolia, i. 351.
 — *esculenta*, i. 351.
 — *glauca*, i. 351; iv. 33.
 — *macrophylla*, i. 351.
 — *pulverulenta*, i. 351.
Leucanthea rœmeriana, ii. 436.
 LEUCHTENBERGIA, i. 528.
Leuchtenbergia principis, i. 528.
 LEUCOCARPUS, ii. 448.
Leucocarpus alatus, ii. 448.
 — *fruticosus*, ii. 448.
 — *perfoliatus*, ii. 448.
Leucococcus occidentalis, iii. 159.
Leucoglossum erosum, iii. 277.
 LEUCOPHYLLUM, ii. 439.
Leucophyllum ambiguum, ii. 439.
 — *campanulatum*, ii. 439.
 — *minus*, ii. 439.
 — *texanum*, ii. 439.
Leucopsidium humile, ii. 117.
Lexarza, i. 127.
 — *funebis*, i. 127.
 LIABUM, ii. 231.
Liabum andrieuxii, ii. 231.
 — *andromachioides*, ii. 231.
 — *asclepiadeum*, ii. 231.
 — *deppeanum*, ii. 232.
 — *discolor*, ii. 232.
 — *glabrum*, ii. 232.
 — *melastomoides*, ii. 232.
 — *sericolepis*, ii. 232.
 LIATRIS, ii. 108.
Liatris punctata, ii. 108; iv. 51.
 LICANIA, i. 365.
Licania arborea, i. 365.
 — *hypoleuca*, i. 365.
Lichterveldia lindleyi, iii. 274.
Lieberkuhnia ehrenbergii, ii. 255.
 — *spathulata*, ii. 255.
Lightfootia, ii. 16.
 LIGUSTICUM, i. 569.
Ligusticum dubium, i. 569.
Ligusticum dubium, iv. 286.
 — *toluccense*, i. 564.
 LILIACEÆ, iii. 362; iv. 91, 109.
Liliaceæ, iv. 197, 202, 215, 217, 226, 229, 274.
Lilium, iii. 379.
 LIMNANTHEMUM, ii. 353.
Limnanthemum humboldtianum, ii. 353.
 LIMNOBIUM, iii. 196.
Limnobium stoloniferum, iii. 196.
 LIMNOCHARIS, iii. 440.
Limnocharis emarginata, iii. 440.
 — *flava*, iii. 440.
 — *laforesti*, iii. 440.
 — *plumieri*, iii. 440.
Limnochloa calyptrata, iii. 455.
 — *geniculata*, iii. 456.
 — *mutata*, iii. 456.
 — *truncata*, iii. 455.
Limnonesis commutata, iii. 417.
 — *friedrichsthaliana*, iii. 417.
 LIMNOSIPANIA, ii. 28.
Limnosipania palustris, ii. 28.
Limodorum altum, iii. 215.
 — *floridum*, iii. 214.
 — *pendulum*, iii. 268.
 — *purpureum*, iii. 216.
 — *tuberosum*, iii. 215, 216.
 — *verecundum*, iii. 215.
 LIMOSELLA, ii. 453.
Limosella aquatica, ii. 454.
 LINACEÆ, i. 142; iv. 16.
Linaceæ, iv. 175, 204, 224.
Linaria canadensis, ii. 440.
Lindackeria laurina, i. 56.
 LINDENIA, ii. 26.
Lindenia acutiflora, ii. 26.
 — *gypsophiloides*, iii. 5.
 — *rivalis*, ii. 26.
 LINDHEIMERA, ii. 147.
Lindheimera mexicana, ii. 147.
 LINDLEYA, i. 370.
Lindleya, iv. 240.
Lindleya mespiloides, i. 370.
Lindsæa, iii. 606.
 LINDSAYA, iii. 606.
Lindsaya curvans, iii. 606.
 — *elegans*, iii. 606.
 — *galeottii*, iii. 606.
 — *guianensis*, iv. 115.
 — *guyanensis*, iii. 606.
 — *imbricata*, iii. 606.
 — *microphylla*, iii. 606.
 — *multifrondulosa*, iii. 606.
 — *portoricensis*, iii. 606.
 — *quadrangularis*, iii. 606.
 — *stricta*, iii. 606.
 — *trapeziformis*, iii. 606; iv. 115.
 LINDSAYEÆ, iii. 606.
 LINEÆ, i. 143.
Lineæ, i. 142.
Linostachys padifolia, iii. 128.
Linosyris carnosia, ii. 120.
